In the event the insurance policies purchased by Contractor pursuant to the above insurance requirements contain any deductible or self insured retention provisions, Contractor shall provide PRT with disclosure of said deductible or self insurance retention prior to execution of the Contract, which will be subject to PRT approval. If PRT approves any insurance policy that includes a deductible or self insured retention, Contractor shall be responsible for payment of any and all deductibles or self insured retentions, whether owing from the named insured or PRT as an additional insured, applicable to the policies of insurance referenced above
